How to Special Order Atmospheric Controller or Timer

Using the designations below, you can design a controller to meet specific needs. Almost any combination of the features below can be selected to add that function to a controller design. If you need something not shown below or have questions about the compatibility of features contact Green Air Products and we will help you configure a model to suit your requirements.

All special orders are **NON-CANCELLABLE & NON-RETURNABLE (NC/NR)**. Please call for special order prices.
